

Invoice

Name: Chandra K. Banerjee

August 2, 2005

Address: 7636 Penland Dr
Clemmons, NC 27012:

Telephone: 336-778-2487 (H)
336-741-2379 (W)

Invoice for June – July 2005

Date	Time in	Time out	Activities	No. of hours
06/02	9:00 AM	5:00 PM	Processing ceria –Au catalyst Preparation of TiO ₂ -Au catalyst by RJR process Procurement of 5% CO gas mixture Troubleshoot micro-reactor	8
06/03	8:30 AM	4:30 PM	Troubleshoot micro-reactor Processing TiO ₂ –Au catalyst Review relevant patents and other literature Procurement of 5% CO gas mixture Planning pyroprobe experiment	8
06/07	10:00AM	5:00 PM	Calcining TiO ₂ – Au catalyst Assay of TiO ₂ catalysts in microreactor Planning next steps	7
06/08	7:30AM	9:30AM	End of 16- hr calcining Assay of catalysts	2
06/09	10:00AM	6:00PM	Preparation of samples for pyroprobe study Assay of catalysts	8
06/21	9:00AM	5:00PM	Calcine TiO ₂ - CeO ₂ Baseline for Eclipse CO	8
06/22	10:00AM	6:00PM	Generate baseline CO for Eclipse Evaluate gold catalyst in Eclipse Review procedures for titania- gold catalyst	8
06/23	9:00AM	5:00PM	Preparation of gold-titania with new process Preparation of silver catalyst	8
06/28	9:00AM	5:00PM	Preparation of gold-titania catalyst Evaluation of silver and gold catalyst	8
07/12	10:00AM	6:00PM	Review literature Evaluation of silver-titania (nanoparticle) catalyst	8
07/14	10:00AM	6:00PM	Evaluation of silver catalyst in Eclipse Review literature	8

07/15	9:00AM	5:00PM	Planning next steps in catalyst preparation Evaluation of catalysts	8
07/19	9:00AM	5:00PM	Review literature Preparation of silver catalyst on granular (-16 + 30) titania Procurement of 5% CO gas mixture	8
07/21	10:00AM	6:00PM	Evaluation of silver-titania catalyst in Eclipse after one week storage Evaluation of dip coating Eclipse fuel with alumina sol	8
07/22	9:00AM	5:00PM	Group meeting Evaluation of silver catalyst on granular alumina Plan and prepare sols for dip-coating Eclipse fuel	8
07/26	10:00AM	6:00PM	Preparation of new batch of silver-titania (fine powder, -30 +70) catalyst Preparation of sols	8
07/28	8:00AM	10:00AM	Discussion of experimental procedure for dip-coating Eclipse fuel	2
Total No, of Hours				123
